The fourth month of the Gregorian Calendar, April is the first of four months that have 30 days. It also announces the arrival of summer in the northern hemisphere and the onset of winter in the southern hemisphere. It gets its name from the Latin word Aprilis, in honour of the Greek Goddess Aphrodite.

**INDIAN TRIBAL FESTIVALS THAT FALL IN APRIL**

**AOLING FESTIVAL NAGALAND  
FIRST WEEK OF APRIL**

The harvest festival of the Konyak Nagas, the largest Naga tribe, this festival coincides with the Naga New Year. People pray to the Gods for a good harvest and sacrifice animals to please them. The whole tribe gathers together dressed in colourful clothes woven by the women of the tribe, specially for this occasion. Praying, singing, dancing and feasting together mark this festival.

**SHAD SUK MYNSIEM FESTIVAL MEGHALAYA  
SECOND WEEK OF APRIL**

The harvest festival of the Khasi Tribe of Meghalaya, it marks giving thanks for a good harvest. Also known as the Thanksgiving Dance Festival, it is an occasion on which all tribesmen and women dress up in colourful traditional silk costumes and ornaments and collectively take part in the religious rites and dancing.

## UNCOMMON WEATHER PHENOMENON FROST FLOWERS IN THE ARCTIC OCEAN

These frost flowers in the Arctic ocean form from imperfections on the surface of the ice in sub-zero temperatures, normally around the -20C mark. The spikes have been found to contain micro organisms making them temporary miniature ecosystems similar to coral reefs.

## PI DAY: 14 MARCH

14 March is celebrated as Pi Day every year as the first three digits of the value of Pi(3.14) are equivalent to the date 'March 14'.

Pi is actually an irrational number (a decimal with no end and no repeating pattern) that is most often approximated with the decimal 3.14 or the fraction  $\frac{22}{7}$ .

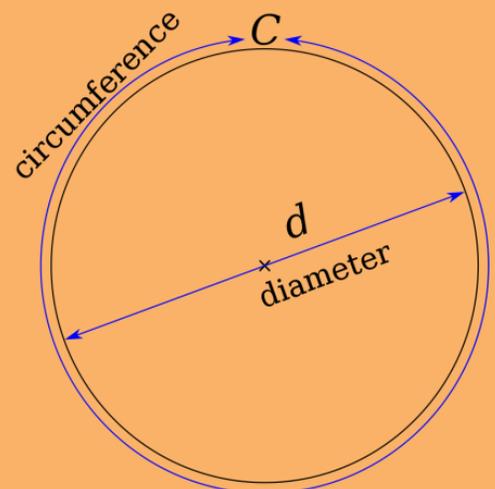

It is defined in Geometry as the ratio of a circle's circumference to its diameter.

It is represented by the symbol  $\pi$ .

## SOME INTERESTING FACTS ABOUT PI

1. It is the 16<sup>th</sup> letter of the Greek alphabet.
2. It is also known as 'Archimedes' Constant', as the Greek Mathematician Archimedes is said to have found the most accurate value of Pi.
3. Egyptians believe that the pyramids of Giza were built on the principle of the Pi.
4. Rajveer Meena at VIT University, Vellore, India, holds the record for reciting the most number of decimal places of Pi. He created this record on 21 March 2015 after being able to recite 70,000 decimal places.

The circumference of a circle is slightly more than three times as long as its diameter. The exact ratio is called  $\pi$ .

# WORDS OF WISDOM

ਬੇਮਤਲਬ ਹੀ ਬੋਲੀ ਜਾਣਾ , ਬੇਕਦਰੀ ਦੇ ਰਾਹ ਹੈ ਪੈਣਾ  
ਇੱਕ ਚੁੱਪ ਸੌ ਸੁੱਖ ਅਖਾਣ , ਇਉਂ ਵੱਧਦਾ ਹੈ ਸਾਡਾ ਮਾਣ।

Speaking out of turn only results in earning disrespect for oneself. Keeping ones opinion to oneself while quietly observing the proceedings, and speaking only, when spoken to, earns one, not only appreciation, but also respect and honour.

विद्या विवादाय धनं मदाय शक्तिः परेषां परिपीडनाय ।

खलस्य साधोविपरीतमेतद् ज्ञानाय दानाय च रक्षणाय ॥  
Knowledge is the same for all. However, while the evil minded only use it to gain power and wealth for themselves, leading to controversies, the clean hearted use it wisely and carefully, not just for their own selves, but also for the benefit and betterment of others .

## लाल परी की भूल

परियों की नगरी में एक लाल परी रहती थी। एक वार परियों के महल में जश्न था। अचानक रानी परी ने लाल परी को महल से बाहर निकाल दिया। लाल परी उदास होकर धरती पर एक वाग में छिप गई। वहाँ बहुत सारे बच्चे खेल रहे थे। बच्चों को हँसता-खेलता देखकर वह अपना दुःख भूल गई। तभी सोनी नाम की एक लड़की ने लाल परी को देखा और वह चिल्लाने लगी। सोनी की चीख सुनकर सभी बच्चे उसके पास आ गए। लाल परी से मिलकर बच्चे खुश हो गए और उसे अपनी-अपनी इच्छा बताने लगे। लाल परी ने अपनी छड़ी घुमाई और एकाएक सभी बच्चों की इच्छाएँ पूरी कर दीं। दिन ढल गया और बच्चे अपने-अपने घर चले गए।

लाल परी फिर उदास हो गई। उसे उदास देख सोनी ने उसकी उदासी का कारण पूछा। लाल परी ने सारी बात बता दी। सारी बात सुनने के बाद सोनी ने कहा-आपने ज़रूर कोई शरारत की होगी, तभी उन्होंने ऐसी सज़ा दी। लाल परी ने कहा- हाँ! जब नोटू बोना सीढ़ी पर खड़ा होकर घड़ी की सफ़ाई कर रहा था तब मैंने सीढ़ी को हिला दिया। डर के मारे वह घड़ी की सुई पकड़कर लटक गया। इससे घड़ी की सुई टूट गई। घड़ी रुक गई और परी-लोक में सब रुक गया। इसी वजह से गुस्सा होकर रानी परी ने मुझे महल से बाहर भेज दिया।

लाल परी की बात सुनकर सोनी ने कहा-अगर हम अनजाने में कोई गलती करते हैं तो उसके लिए माफ़ किया जा सकता है, लेकिन अगर जानबूझकर कोई गलती की जाए तो उसके लिए सज़ा मिलती है। तो अब आप ये बताओ कि क्या आपने उस सीढ़ी को जानबूझकर हिलाया था या गलती से?

लाल परी ने बहुत ही धीमी आवाज़ में कहा-जानबूझकर।

लाल परी को अपनी गलती का एहसास हो गया।

वह पंख फैलाकर परीलोक की ओर उड़ चली।

वहाँ पहुँचते ही उसने रानी परी से माफ़ी माँगी और सबसे अच्छी परी बनने का वादा किया।

**शिक्षा** - बेवजह किसी को परेशान नहीं करना चाहिए। अगर कोई गलती हो जाती है तो उसके लिए सच्चे मन से माफ़ी माँग लेनी चाहिए।

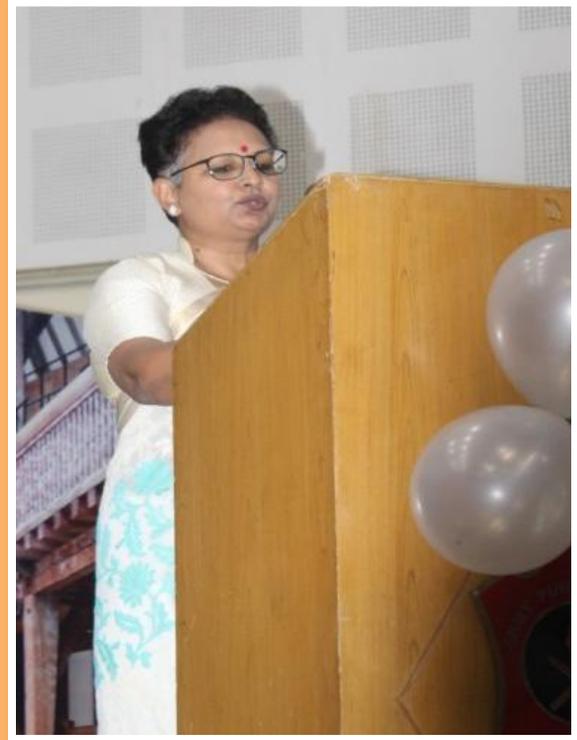

**कहानी** - पल्लवी गोयल

**चित्रांकन** - स्पर्श पठानिया पंचम् अ
